- As Majority Leader, we need his leadership to bring the **MOST BIPARTISAN BILL** up for a vote - the ABLE Act has **85% of the ENTIRE CONGRESS COSPONSORING IT** - with 74 Senators and 381 Representatives cosponsoring.
- The House Ways and Means Committee already unanimously voted the ABLE Act out of committee.
- The Senate Finance Committee held a hearing on the bill and, in September, issued a press release outlining their intention to bring the ABLE Act to a vote once Congress returns from recess and after the election.
